Dear Ms. Mazzaferri,

Thanks you very much for your letter of the 18th and the referral of what I've sent you.

The enclosures will update you and I'm sending them to you instead of to Kim Taylor in the hope that you will find time to read them before you please forward them to him.

As you will see, my allegations remain not only unrefuted but really undenied.

I do not expect anything from the USA or the OPR. Or the judge.

But I believe it is necessary that someone try to do something about all this mendacity that to me is the deepest subversion.

Aside from the fact that I believe ought now be obvious, I am the victim of official fraud and of de facto whether or not legally of a conspiracy to defraud.

Sincerely,
